inspiration all around

लुगु inspiration all around is a woman,  
as she is the most wonderful human;  
she is full of grace;  
but the more she is brave.

she is patient when I'm foolish;  
it seems she is the most coolish;  
she always gives me guidance when I ask;  
she is the master of every task.

she is always my source of comfort;  
no matter how much I spread dirt;  
she will always be my shelter when I fall;  
she always supports me whenever I call.

I love her more than anyone knows;  
and respect her no matter how the time goes;  
she has always been my support;  
in every kind of court.

she is my friend;  
she is my trend;  
she is my boss;  
everytime I toss.

this woman is my inspiration;  
yes, this woman is my vision;  
yes, this woman is my mom;  
and i will love her all time long.
