Vol XI, ISSUE 09, MARCH, 2023

## Editorial

*It was one of those March days when the sun shines hot and the wind blows cold: when it is summer in the light, and winter in the shade.” – Charles Dickens*

March is named for the Roman god of war, Mars. In the early Roman calendar, March (or Martius) was the first month of the calendar year. As March brought the first day of spring with the vernal equinox, it was the start of new beginning. The month of March begins with the celebration of Holi “the most colorful and vibrant festival of India”. Holi is a popular springtime celebration observed on the last full moon of the lunar month, the time of the year when humans and nature seek to throw off the gloom of the winter months and welcome spring. Holi signifies the triumph of good over evil. Bright, vibrant colored powder “gulal” and water balloons are the highlights of this festival and signifying energy, life and joy.

The highlights of this issue are Sardar Gurcharan Singh ,Memorial 14th National Debate Competition, Kingphex Philately Club.
