

SBS University organized a Expert Lecture Series on Application of Biostatistics in Biomedical Field

In a bid to shed light on the pivotal role of biostatistics in the biomedical field, SBS University organized a captivating expert lecture series. The event, which took place at the university's auditorium, featured the esteemed presence of Dr. Anu Sayal, Senior Lecturer at Taylor's Business School, Taylor University, Malaysia. Event was started by welcoming the guest by Prof (Dr.) J Kumar (Vice Chancellor).

Dr. Anu Sayal, a distinguished authority in the realm of biostatistics, delivered an illuminating discourse on the multifaceted applications of biostatistics across various domains. Drawing from her rich expertise and extensive research, Dr. Sayal elucidated the significance of employing statistical methodologies in biomedical research, clinical trials, epidemiology, and public health interventions.

The lecture series, which captivated the audience with its insightful content, provided attendees with invaluable insights into the intricate intersections between statistics and biomedicine. Dr. Sayal meticulously delineated the methodologies and

techniques essential for analyzing complex biological data, thereby fostering a deeper understanding of statistical inference in healthcare research.

Vote of thanks was delivered by Dr. Santosh Karn, (HOD Biotechnology and Biochemistry). The whole seminar was well anchored by Mrs. Nisha Joshi (Assistant Professor) under the oversight of Dr. Neetu Pandey (HOD, Applied Chemistry and Basic Sciences).

Present on the occasion were Prof. (Dr.) J Kumar (Vice Chancellor, SBSU) Prof. Veerma Ram (Director, Pharmaceutical Sciences & Technology), Miss. Urmi Chaurasia (Controller of Examination), Mr Vipin Jain (Registrar(O) HR & L). As the curtains drew to a close on the expert lecture series, attendees departed with a renewed appreciation for the indispensable role of biostatistics in advancing scientific inquiry and improving healthcare outcomes. The event stands as a testament to SBS University's unwavering dedication to academic excellence and knowledge dissemination in emerging fields of study.

Dr. Santosh Karn, HOD of Biotechnology and Biochemistry, SBS University. The whole seminar was well anchored by Mrs. Nisha Joshi, Asst Professor, School of Applied Chemistry and Basic Sciences, SBS University under the oversight of Dr. Neetu Pandey, HOD of Applied Chemistry and Basic Sciences, SBS University
