

Sardar Bhagwan Singh University Hosts Insightful Seminar on Emerging Trends in Healthcare Industry

SBS University organized two-day seminar (13th & 14th February, 2024) spearheaded by the esteemed Guest Dr. Sandip Patil, (Founder and CEO of Docthub). The event, which brought together students, faculty, and industry professionals, delved into the dynamic landscape of the Pharmaceutical and Healthcare Sectors.

The seminar, held in the University Campus, provided a platform for attendees to gain valuable insights into the latest developments and future prospects within the Healthcare Industry. Dr. Patil's expertise and experience served as a beacon, guiding participants through a plethora of topics crucial to understanding the evolving nature of healthcare.

Among the distinguished guests in attendance were Prof. (Dr.) J Kumar (Vice Chancellor), Prof. Veerma Ram, (Director of Pharmaceutical Sciences and Technology) and Prof. Maneesh Arora (Dean Student Welfare). Their presence underscored the University's commitment to providing students with opportunities to engage with industry leaders and stay abreast of cutting-edge developments in their respective fields.

From exploring emerging trends in the Pharmaceutical Industry to fostering a Healthcare Career mindset, Dr. Patil's presentations resonated deeply with the audience, comprising students and faculty alike. His nuanced discussion on the physiotherapy perspective of the healthcare industry shed light on the interdisciplinary nature of modern healthcare practices, leaving attendees inspired and informed.

Reflecting on the event, Dr. Sandip Patil expressed his gratitude for the opportunity to engage with the bright minds at SBS University. "It's heartening to see such enthusiasm and curiosity among students and faculty.

Coordinated with precision and dedication by Prof. Arun K Mahato, Head of Training and Placement, and Mrs. Pyali Sharma, Placement Officer, the seminar unfolded seamlessly, offering participants a comprehensive understanding of emerging trends and career opportunities within the healthcare industry.
