

SBS University organized a Seminar cum Educational visit for B.Sc. (Hons.) Agriculture Students

Sardar Bhagwan Singh University Dehradun organized a Seminar cum Educational visit for B.Sc (Hons.) Agriculture 2nd and 4th semester students at Indian Meteorological Department, Dehradun. The program was coordinated by Prof. R.K.Bhatt (Ex- Director ICAR- CAZRI & Principal Scientist), Mr. Anil Panwar (Program Coordinator), and Mrs. Hemlata Bhatt (Assistant Professor).

The purpose of the visit was to impart knowledge about agro meteorological weather forecast service in Dehradun Uttarakhand through the network of hundreds of surface and glacial observatories, Upper Air (high altitude) stations, ozone and radiation observatories, and meteorological radar stations.

Students learned about various instruments of weather forecasting such as Barometer Radar, Anemometer, wind Vanes, Hygrometers, Rain gauges etc.

Later an informative talk on Advance Technologies and Techniques of Weather and Climate was delivered by Dr. Rohit Thapliyal (Scientist Indian Meteorological Department). Students also learned about the rainfall prediction system.
