

## SBS University celebrate World Ozone Day

School of Applied Chemistry & Basic Sciences Dehradun celebrate World Ozone Day on 16th September, is a global event dedicated to raising awareness about the depletion of the ozone layer and the efforts made to protect it. The theme for World Ozone Day 2024 is "Ozone for Life", highlighting the critical role that the ozone layer plays in protecting life on Earth. This day also commemorates the signing of the Montreal Protocol, an international treaty that has played a pivotal role in phasing out the use of substances responsible for ozone depletion.

The programme was started with the welcome address by Mr. Aman Babu (Student of BSc PCM 3rd Year). The lecture, a cornerstone of the celebration, saw the stage graced

by of speaker Mr. Mukul Kr. Chakraverti, Asst Professor, School of Applied Chemistry & Basic Sciences, SBS University, Dehradun. The speaker brought forth illuminating insights into the topic, shedding light on "Ozone for Life", highlighting the critical role that the ozone layer plays in protecting life on Earth. The Montreal Protocol on Substances that Deplete the Ozone Layer, adopted in 1987,

The event served as a testament to the university's dedication to promoting scientific awareness & World Ozone Day 2024, under the theme "Ozone for Life", serves as a powerful reminder of the significance of the ozone layer in sustaining life on Earth. It underscored the pivotal role of academia in nurturing talent and fostering a culture of inquiry and discovery. Reflecting on the occasion, Mr. Vipin Jain, Deputy Registrar SBS University expressed his delight at the overwhelming response to the event. World Ozone Day at Sardar Bhagwan Singh University served as a beacon of inspiration, igniting minds and igniting a passion for exploration and discovery. There were more than 50 students present along with Mr. Vipin Jain, Deputy Registrar SBS University along with Dr. Neetu Pandey HOD School of Applied Chemistry & Basic Sciences, SBS University, Dehradun and faculties. The event was well anchored by Mr. Aman Babu & Ms. Krisna Pawar students of school of Applied Chemistry and Basic Sciences. The vote of thanks was delivered by Ms. Chehak, Student of MSc Chemistry 1st year, school of Applied Chemistry and Basic Sciences.
